

**MEMORY LANE #23 (EDITED)
FROM THE BULLETIN OF THE YOUNG ISRAEL OF CHOMEDEY
SEPTEMBER 1964 EDITION**

PRESIDENTS MESSAGE

This is the seventh year of our existence, and the fourth year in our new premises. The Red Sea was not split before the Israelites started jumping into it, and we jumped three years ago! We are coming ever closer to the necessary Promised Complex of Buildings – a beautiful, large, air conditioned hall, a library, meeting rooms, and a Sanctuary to be carved out on our new land, the 50,000 square feet between our Shul and Notre Dame, after a substantial increase in our membership.

When the new building is completed around December we shall be a large corporation with assets valued at about \$500,000.00!

Yes, our Executive, Board and Membership, combined with our Rabbi and Cantor, have the necessary vision, courage and faith in our compelling future. They have the necessary drive and competence to take care and provide for that future. A future of daily dedication and continued devotion by each alert and community-conscious member.

This extension needs members and members need this extension.

Our present facilities are too drab and small for the affairs and activities of our expanding membership and their families.

Given proper leadership, and given proper goals, our membership will always be close behind. No Shul or Community Center can plan and advance without fund-raising. Each member need only pay his allotted share. Let the funds we raise help to pay the balance.

We are very proud of our working members, of the Sisterhood, the Men's Club, the Governors, of those active in the Carnival, the Play, and in many other fields of voluntary endeavour. With such devoted members inspiring their leaders, and each other, we are confident of continued success.

We have ever been in the vanguard, the leaders on this barren piece of land. We aim to continue well in advance. We can ensure this worthwhile goal by tripling our fund-raising efforts which we are planning. When you hear our call, please respond immediately.

We work for our children, our neighbours, our community, and for Israel.

Maurice J.Boxer
Synagogue President

(Yashor Koach to Fred Rudy for providing us all with these memorable historical moments, which some of us may still remember!)
